CASE # 16-00002176

DATE AND TIME
OF COLLISION 02/02/16 17:34

On 2/2/16 at approximately 1800 I, C. Wells #131, was working as a general commissioned uniformed police officer for the City of Lake Stevens police department driving a marked police vehicle equipped with emergency lights and siren.

I was directed to respond to the area of Catherine Drive to assist with a stolen vehicle recovery and the driver had fled on foot. I heard a police K9 was being deployed to track.

Upon arrival in the area, I was directed by LSPD Sgt. Brooks to respond to Meadow Drive to contact and detain the suspect as he was on the phone and wanted to surrender. As I was responding I was told the suspect was a 15 year old juvenile and was standing in the driveway of 2510 Meadow Drive.

I responded to 2510 Meadow Drive. As I drove up and parked I could see a white male, later positively identified as Braydon Rodney Chase DUTCHER 9/3/99 (BD), standing on the sidewalk in front of 2510 Meadow Drive talking on a cell phone and waving his arm to me. BD didn't have any shoes on and I could see he was soaking wet from his socks to his upper thighs. Additionally, I could see he had numerous scratches on his neck, arms and hands.

I detained BD in handcuffs without incident. Once the handcuffs were on I checked them for proper application, gauged and double locked them. I checked and asked BD if he was injured or hurt. He told me, "I have some cuts from the barbed wire fence I jumped. My chest hurts from when I fell."

I secured BD in the rear seat of my vehicle and requested Fire/Aid to my location to check BD.

The K9 tracking team requested we remain at the location so they could complete a confirmation track.

Aid arrived at about the same time as the K9 team. I had Aid complete a quick patient evaluation in case BD was seriously injured or hurt. They completed this quick check and stepped back.

Once K9 advised he was done I had LSPD Officer Hingtgen move BD to the Fire/Aid unit for further evaluation.

After several minutes Aid advised BD appeared to be fine as his breathing and blood pressure was ok. They advised BD had scratches and a minor cut on his hand. BD declined to go to the hospital. I reassumed custody of BD and escorted him back to my vehicle.

LSPD Officer Aukerman requested I transport BD to the police department for an interview. BD agreed to go the police department to be interviewed. He continued by telling me he stole the car and he needed to go to jail because he was involved in some

“...heavy shit.”

Once we arrived at the police department, at about 1852, I escorted BD into the station and placed him in the BAC room until Officer Aukerman could arrive.

At about 1900, I spoke with Officer Aukerman and he advised the vehicle had been confirmed stolen. He requested I Mirandize and interview BD as he was taking care of the stolen vehicle. I agreed.

I returned to BD and asked him if he still wanted to talk with me. He emphatically told me yes. I moved him to an interview room. I read BD his Miranda Rights from a previously prepared Miranda Warnings card, to include the juvenile admonishment.

When I asked BD if he understood his rights he replied, “Yes.”

When I asked him if he wanted to talk with us further, he replied, “Yes.”, “No.” and then said “Yes.”

I clarified with him. I asked, “Do you want to talk? It’s completely up to you. It doesn’t make any difference to me either way. It’s 100% up to you if you want to talk with me. It’s a yes or no question.”

BD said, “I meant yes. Yes, I want to talk with you.”

I said ok and slid him a copy of a LSPD Incident statement form Explanation of Rights. I verified he was a strong reader and was able to easily read the form. I handed him a writing pen and asked him to fill in the top section (his name, etc.) and to stop when he gets to the Miranda Advisement area.

He completed the top section and stopped where requested. I asked him to read the individual rights and write his initials if he understood his rights. Once he was done I asked him stop so I could read the next area to him. He agreed.

I watched as he appeared to concentrate on the form and he placed his initials on each caveat as requested. He stopped after he initialed the last caveat.

I then read to him, verbatim, the Constitutional Advisement and waiver. He agreed and signed the form.

Once this was completed I asked him to tell me what happened.

BD told me he stole the car from Stanwood. He told me that he was car prowling at the Josephine Retirement home when he found the key to the car in the middle console. He told me he decided to steal the car because he was high on methamphetamine. He told me that he picked up his brother and then went to a family friend’s house to find his dad. He told me that when his dad found out he had stolen a car he told him to get

rid of the car or he was going to call the cops.

BD told me something to the effect of 'we came to Lake Steven's to dump the car.'

When I tried to clarify who 'we' was he changed his story to he had followed his dad to Lake Steven's to dump the car.

When I tried to clarify with him about following his dad BD again changed his story telling me he had left the friend's house and then waited for his dad to leave the house and followed him to Lake Stevens without his dad's knowledge.

BD told me he got a flat tire and when he got out to fix the tire a neighborhood watch guy dressed in a blue shirt and gun belt started yelling at him and pulled a gun. He told me he took off running and jumped several fences. He told me he ran through a swamp area and then jumped a fence. He told me he dropped the key to the car in an above ground swimming pool that was in the backyard of one of the houses he ran through. He agreed to show me which house he dumped the keys.

He agreed to provide a written statement. I slid him a LPSD Incident form and a continuation form and a writing pen. I asked him to write his side of the event. He again agreed. I then left him alone in the interview room to write his statement.

Reference Explanation of Rights and Statement - B. Dutcher.

I walked out into the squad bay area and met with Sgt. Brooks who had transported Titus Dutcher (TD) 8/27/2001 to the police department. Sgt. Brooks told me he had advised TD of his Miranda rights and TD had said he didn't want to talk. I asked Sgt. Brooks, specifically, if TD had asked for a lawyer or if he wanted to remain silent. Sgt. Brooks told me that TD had just said he didn't want to talk.

While I was talking with Sgt. Brooks TD began asking questions about the event.

I walked out to TD and told him I would like to answer his questions but questions were a two way street. I told him I had talked with his brother, BD, and he had told me about the situation. I told TD I was interested in his side of the story but only if he was going to tell me the true. TD told me he understood and he wanted to talk with me.

He was provided an LSPD Explanation of Rights form and statement continuation form.

Once TD had signed the Explanation of Rights form I asked him to tell me what happened.

TD told me that he was at home when his brother showed up at their house with the car. He told me that initially he didn't know the car was stolen.

When I confronted TD about whether his brother owns or has access to a white Pontiac Vibe he changed his story. TD told me he knew it was a stolen car because while they

were driving around his brother told him it was stolen. TD told me he continued to remain with his brother even after he had been told the car was stolen. TD agreed to write a statement.

Reference Explanation of Rights and Statement - T. Dutcher

While I was interviewing them I was asked by SCSO/Stanwood Deputy Scott to question them about vehicle prowls that had occurred in Stanwood. I agreed.

I returned to BD and asked him about the vehicle prowls in Stanwood. I used a ruse and told BD that Deputy Scott had told me there had been 30 or 40 vehicle prowls and that about half of them had been damaged during the prowls. I asked BD if he was willing to show Deputy Scott the cars he had prowled vs the ones that he hadn't.

BD immediately agreed telling me that he and his brother had prowled 10 to 15 cars two (2) days ago in the downtown Stanwood area. He told me that they didn't damage any of the cars. They would check the doors and if they were unlocked they would enter the car and only take money.

I returned to TD and asked him the same question and used the same ruse. He also agreed to go with Deputy Scott and show him which cars they prowled. He also told me that they would only enter the cars that had unlocked doors and denied damaging any of the vehicles.

Once BD had completed his statement, I walked him out to my vehicle. BD provided me directions to the house where he had dumped the keys. After driving around the Catherine Creek area BD oriented and took me to the cul-de-sac of 30th PI NE. I contacted several houses and asked about an above ground swimming pool. I was directed to 12414 30th PL NE. I went there and contacted the home owner who told me she did have a pool and allowed me to enter her back yard and check the pool.

I looked in the pool and saw a car key with a green lanyard attached. The homeowner provided me with a net so I could fish the key out. Once this was completed I returned to my patrol vehicle.

I showed BD the key and he stated, "Yeah. That's it."

I noticed the plates on the vehicle were missing. I asked BD about the license plates. He told me that he had gone to a junk yard in Stanwood and stole the license plates from a junker car.

We drove to the location where BD had left the car and LSPD Officer Hingtgen was still at. I handed the key to Officer Hingtgen for return to the registered owner.

We returned to the police department where we met with Deputy Scott. I advised BD and TD that the case would be referred to the Prosecutor's Office and they would be

required to show up in Court. BD told me he would show up in Court.

I again asked them if they wanted to show Deputy Scott where they had prowled vehicles. They both agreed. I turned both juveniles over to Deputy Scott.

On 02/02/16 at approximately 1736 hours, I, Officer Kristen Parnell, responded as a backing unit to a call of a hit and run in the area of 36th St. NE and Old Hartford Rd. in Lake Stevens. Dispatch broadcast that the suspect vehicle was a white Pontiac Vibe with license 534ZEU and that it was located near the gravel pit. Dispatch also broadcast that the driver of the vehicle had fled on foot from that location westbound into the woods. A witness who works for Federal Protective Services was the reporting party and had the passenger of the vehicle at gunpoint waiting for police.

I arrived on scene shortly after Sgt. Brooks broadcast that he was out with the vehicle, witness, and passenger. I contacted the witness, Eric M. Randall (DOB 10/14/86), and got a description of the suspect. Eric reported that the suspect appeared to be a juvenile in his late teens, possibly early 20's. He was wearing blue jeans and a camouflage jacket or hoodie. Eric provided a written statement.

I took pictures of Eric's vehicle and the suspect vehicle. Those pictures were burned to a disc and logged into evidence at the Lake Stevens Police Department.

The license plates on the vehicle returned as stolen. I ran the VIN through dispatch. The vehicle returned clear, but I was later notified by dispatch that the vehicle was stolen.

Mill Creek K9 handler Officer Durkee arrived on scene to track the suspect. I backed up Durkee on the dog track. The suspect was located by other Lake Stevens officers prior to Officer Durkee and I arriving at the location the suspect was found.

I cleared the scene at approximately 1930 hours.

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING STATEMENT IS TRUE AND CORRECT, AND I AM ENTERING MY AUTHORIZED USER ID AND PASSWORD TO AUTHENTICATE IT.

Sergeant R. Brooks #13, Lake Stevens Police Department**Summary:**

16 year old Braydon Dutcher stole a car in Stanwood while doing vehicle prowls. He found the keys in the center console. He picked up and his Brother Titus Dutcher and drove to his dad's friend's house. His dad, Mark Dutcher, was at the house and told him to get the stolen car out of there or he would call the police. The boys left the house and later followed their father to Lake Stevens to ditch the car. Their father supposedly did not know that they were following him. Braydon switched the license plates with some stolen license plates. Braydon got a flat and drove the car in a ditch at 36th and Catherine drive. He got the car out of the ditch and drove around the corner at Hartford and 36 St. hiding down a dirt road to change the tire when they were contacted by an armed security officer that was work at the storage facility nearby. Braydon ran and Titus remained on scene. Titus was on scene face down when we arrived. Titus was taken into custody without incident he was advised of his rights and later gave a confession to his involvement. Bryson surrendered at the 2500 block of Meadow after talking to Sgt. Brooks. Bryson gave a confession about the stolen car. Both boys confessed to doing vehicle prowls and assisted a Stanwood Deputy in showing him where they did the prowling. Both boys were released to the Stanwood Deputy.

Narrative:

On 02-02-16 at about 1736 hours, we were dispatched to a collision 36th and Hartford Drive. Dispatch advised that the driver of the vehicle fled into the woods. Dispatch advised, the vehicle was described as a Pontiac vibe license plate 534 ZEU. Dispatch advised that the reporting party has the passenger on the ground and at the reporting party is with federal protective services and is armed.

Officer Ackerman requested a canine and directed containment.

I was the first to arrive on scene. I saw suspect vehicle at the end of the gravel road and old Hartford right at the corner of 36th. I noticed that there was a second vehicle behind the suspect vehicle. The second vehicle was a green in color sedan with one adult male later identified as, Eric Randall, standing on the passenger side of his vehicle. He was wearing a side arm on his right hip. The passenger of the stolen vehicle was lying face down on the ground next to the passenger side door. Randall identified himself as a Security Officer with the Federal Protective Services Security Department.

I gave verbal commands to the suspect. He was cooperative and did as I asked of him. I had the suspect get up to his knees, I had him pull his coat up from the back of his collar so I can see is waistline and then had him stand up and walk backwards towards me and secured him into a set of handcuffs. The suspect was then placed into the backseat of my patrol vehicle.

I made sure that the vehicle was clear of any other occupants inside. I did not see any keys in or around the vehicle. I did not notice any damage to the ignition. I did notice that there was heavy front end damage with dirt and grass on the front bumper area and that part of the front bumper was missing. We confirmed that the vehicle was stolen and the License plates had been stolen from another vehicle then place on this vehicle. Officer Hingtgen had the vehicle and plates cleared from the system. The vehicle owner was contacted and advised of the location of his vehicle.

I returned to my patrol vehicle and contacted the suspect. I advised him of his Miranda rights. He said that he understood his rights and that he did not want to talk to me. I told him that I do need to get his name and date of birth. He told me that he is Titus J.A. Dutcher DOB/08-27-01. He told me that he is 14 years old. I thought he was older. I then advised him of the juvenile warnings on the Miranda card. He said he understands his rights. He told me that he does not know his address. I asked for his father's name and phone number. He told me that his father's name is Mark Dutcher and his phone number is 425-879-0702.

I called Mark Dutcher and told him that we have his son Titus in custody for possession of a stolen vehicle and explained where we are at. He told me that his other son is calling him now and that he would call me back. I told him that if his other son was involved in this that he needs to let me know now so the dog does not get put out and him possibly get bit. He called me back and said that his other son was not there. He said his other son Braydon was just calling looking for his brother. I warned him again that we are starting the dog track and that if Braydon was in the stolen vehicle and ran that he could get bit by the dog and that it would be best if he just surrendered. He said he will call me back after he checks. He called me back and said Braydon was with Titus and he does want to turn himself in so he doesn't get bit by the dog. He said that his son is on Meadow Dr. I advised the other units of his location. Mark gave me Braydon's phone number 425-879-0702. I called Braydon and asked him for his exact location. He told me that he was in the 2500 block of Meadow Dr. I told him that Officer Wells would be there very soon and to keep his hands up and to cooperate with their commands. He told me that the officers are pulling up. I could hear Officer Wells in the background and hung up. Officer Wells advised that he is out with Braydon.

Officer Parnell arrived on my location and collected a statement from Randall. She also took some photos of the vehicle.

Officer Wells transported Braydon to the PD for an interview. Officer Wells advised that Braydon was willing to talk about what happened. See Officer Wells' follow-up for details of their conversation. I transported Titus to the police department to wait for his father. I removed the handcuffs as soon as he got out of the car. While he was sitting at the table I gave him a rights waiver form to complete. I explained the form to Titus and advised him that I needed him to complete the top of the form. I told him to initial next to the rights portion if he understands each of his rights and explained that if he doesn't want to write a statement to write refused on the statement portion. He said that he understood. I asked him if he needed some water. He said that he did. I asked him when the last time he ate anything. He told me this morning. I gave him some water and a trail mix bar.

Officer Wells was in an interview room with Braydon. Officer Wells came out and told me what Braydon had said. Titus made a comment about what had happened. Officer Wells substantially asked Titus if he wanted to talk about what happened and that if he was going to talk he needed to tell all that happened not bits and pieces. Titus said that he does want to talk. Officer Wells asked Titus if Sgt. Brooks had explained the rights form to you. Titus said, "Yes." Titus completed the rights form and signed it waiving his rights. Titus wrote that he was not with his brother when he took the car but his brother woke him up saying we have to go. Titus said that he got in the car and asked Braydon where he got the car. Braydon told him that he jacked it. Titus asked Braydon where they were going and Braydon said somewhere. Titus said that they drove to Lake Stevens. Braydon told Titus that they have to ditch the car. Titus said they drove around for a bit and got a flat that caused them to wreck the car. He said that they went to a location to change the flat. He said that when they got out a guy pulled up behind them and gets out with a gun and asks what's wrong. Braydon said got a

flat. Titus said that the guy told them to get on the fucking ground. Titus said that Braydon ran. Titus said that he got on the ground and the guy said if you get up I will shoot you in the fucking head. Titus said that he just waited for the cops to come.

Officer Wells talked to Titus about them doing vehicle prowls in Stanwood. Titus admitted that they had done about 8 to 15 car prowls on 02-01-16 from around 5:30 PM on a Monday morning to about 8:30 PM on Monday.

I read Braydon's statement. He said, he stole a car from Stanwood Washington. He said that he was doing car prowls looking for money for food. He said that he found the keys to the 2012 Pontiac Vibe in the center consul so he took the car. He said that he took the car to his dad's friend's house where his dad was. He said that his dad told him to get the car out of there or he would call the cops. Braydon said that his dad didn't know but Braydon followed his dad to Lake Stevens and then he and his brother went to dump the car and got a flat. He said that he switched the plates. He said that the guy pointed his gun at them. Braydon said he fled and dumped the key in a pool. Braydon said that he later turned himself in to the police.

Officer Wells took Braydon and located the keys to the car in a Pool.

After about an hour waiting for Mark Dutcher to arrive at the PD. I again called him. He said that he has not left yet. I told him to figure out a way to get here. He said that he would call his friend to bring him out.

Officer Wells contacted a Stanwood Deputy that was working the vehicle prowls cases in Stanwood. The deputy later arrived at the PD and took custody of Titus and Braydon to take them to Stanwood so they could show him where they did the vehicle prowls. Both of them were cooperative. I called Mark and told him that the Deputy now has the boys and that he will bring them home. Mark thanked me.
